Mr. William H. Orrick, Jr.
Deputy Under Secretary of State
for Administration
Washington 25, D. C.

Dear Bill:

I am enclosing herewith copies of letters received from [redacted] These are, in effect, follow-ups to the discussions we had following your trip to South America. I think the situations in both of these areas are now improving, and we appreciate a great deal your observations.

As soon as you have a chance to get your breath following your European trip, let's get together for a thoughtful session on the relations between our two organizations. There is a great deal that I would like to cover [redacted]

With very best wishes.

Sincerely yours,
